RJM Rome- Day 2- 17th September 2019

Day II began with the Eucharistic celebration animated by the Province of Canada. After breakfast we entered into our faith sharing groups with names of women in the Bible to share our Hopes and Fears from/ of GC 37. Sr. Catherine Lloyd RSCJ our Facilitator led us through the large group sharing, which helped us see the Spirit alive and active in us as we looked at the graces we desire from the significant moment of our History as Congregation.

During the second session of the day, we reflected on the functions of the General Chapter especially with regards to Canon law No. which emphasizes on the Chapter being the supreme body of the Congregation with the responsibility to protect the Patrimony of the Congregation especially the Charism and Spirit for which it was founded and how it would be relevant in today's context.

At the end of this intense morning of reflection the capitulars are left with the journey that must happen from being Delegates to Capitulars.... Thus opening our hearts and minds and spirit to the greater reality of the Congregation and World at large. This involves listening in silence.... A spirit of recollection and communion with the Spirit ever alive in and around us.

Thus we enter into a day of recollection from lunch time today until tomorrow afternoon.

37th GENERAL CHAPTER
