5. News Letter / General Chapter - 25th September 2019

What a day it has been! For the first time in the General Chapter of Congregation of the Religious Jesus-Mary, we have the joy of the presence **our Lay Collaborators**- 15 men and women from across the JM world who share in our Life and Mission. There is also pain in our hearts for the reality of our world did not permit our Lay Collaborator from Pakistan to join us, due to visa issues. Sr. Monica Joseph RJM our Superior General in her Welcome Address to our Lay collaborators expressed it beautifully in the words, “when one part is pained, the entire body suffers. We are with you JM Pakistan!

In groups and later in the general assembly, we have shared the faith and reality that affects the world today. We tried to live the International, Intercultural, Multi- Lingual and Multi - Age reality in our group study and sharing. Together we are called to respond with hope as “One Apostolic Family”. At the end of this meaningful day of reflections and expressions we are left convinced that the reality of the world stares at us in the face... Change must and will come... Solutions will be found ... We will leave the world a better place for our future generations in the Conscious Choices we make today.

The Process has begun... it is enriching with **the Letting go** of attitudes and **the Letting In** of the Divine through Listening and Speaking, even if it is a still, small voice coming from the far corners of the Body!

We know that each of you accompany us with your prayers, to which we entrust ourselves.

We present here a few images from inside the Chaper Hall.

GLIMPSES OF CHAPTER MOMENTS.

37th General Chapter
