14 News / General Chapter 16th October 2019

After an intense month of fraternal sharing, searching and discernment, we have reached the end of our 37th General Chapter. And yet it is only a beginning of the lived experience.

It is indeed, difficult to share everything lived during this time. However one thing is certain we return from being Capitulants to Delegates with feelings of joy, gratitude and hope. We go across the land with a sense of communion welling up in our hearts. We have not just lived one apostolic body, we are one apostolic body- with a preference for the young, the vulnerable and our common home. As a great apostolic family, we

keep walking.... Journeying with life... Yes new life that is waiting to be born where ever we are!

We feel our strength is renewed and challenged to be witnesses of God's merciful goodness in 28 countries across the world!

With these sentiments from our hearts, we share in this our last News Letter from the Chapter Room, some photographs that reflect what we have experienced in past few days. We hope you have enjoyed yourself and feel a part of all that has been in Our General Chapter 37.
