

JM DAY

November 13, 2017

Day on which all the persons who forms a part of JM will unite.

Day on which we celebrate the joy of being part of the great family of JM

Day on which we revive the Charism that Claudine has left us

Day on which we experience the joy of being
ONE UNIQUE BODY

The 13 of November has been chosen as "the Day" because it was on this day in 1842 JM began its Missionary Project in India.

Since then the Congregation has continued opening new paths and today we are present in 28 countries.

**November
13**

United by the Charism of Claudine we live its richness in diversity

Plurality,
differences, variety,
contrasts... but
WE ARE ALL A PART OF JM
