

It's day 18 of GC37! We are in the midst of Restructuring and Government and Proposals! We were in for some painful news this morning, when Sr. Monica Joseph our Mother General shared the news about the sudden death our two sisters of the Province of Canada.

"When one part is hurting the whole body is hurting." 1 Cor.12:26 We are with you dear Sisters in RJM Canada. We journey with you through these painfilled moments... even as we ask ourselves in the face of the reality of our Congregation- *What is God telling us in all this?* With this reality of our Congregation we spent the morning in prayer, reflection, discussion and discernment of the different proposals for the proper Law of the Congregation and voted on the same.

5th October 2019
Audience with the
RJMs.

In our anguish, the Lord steps in.... We prepare for our private audience with Pope Francis tomorrow... then enter into the dark night of *Pierres Plantées* with Claudine and have a day of Recollection before we elect our new General Government. We will be back with you soon with more news. In the meantime we count on your prayers... for our dear Sisters from the Canadian Province and for the election of our new General Governemnt.

We carry each of you in our hearts as we meet with our beloved Pope Francis.
